To All Parents:

As you know, we are to have our Glenfir spring party on Saturday, May 3<sup>rd</sup>, inviting interested and existing families to view the school and enjoy some social interaction, many fun activities for the children, and hopefully some yummy cuisine to boot!

As you may recall, the school has been sending letters and supplies on a regular basis to our "sister school" in Guatemala, and we continue in our endeavours to help provide these very needy students with the materials that will help enrich their school lives as much as possible. With this in mind, the grade fives and I thought it would be a wonderful idea to host a bake sale which would coincide with the spring party. All proceeds from the bake sale will go to the Buenos Aires School in Guatemala.

May I enlist your culinary talents (and/or purchasing power) in this regard? I myself am not renowned for my culinary skills, but I have learned how to buy pies or cakes from my local bakery, smush them up a little and then serve them on some of my own fine china, and no-one seems to have been any the wiser! If you are not a whiz in the kitchen either, or you find time to be that one elusive luxury in your life, I promise you this plan is flawless! So please do bring in a small plate or container of goodies in support of this very worthwhile event. It will be so appreciated, and if you are a buyer rather than a baker, rest assured that your secret will remain safe with me.

Mrs. O'Sullivan,  
Grade 5 homeroom teacher and Junior School Coordinator.
